

## NanoDialogue

How to design a participatory process for a consortium of science centres and science museums on an emerging issue at the European level.

### Section D: Evaluation and Impact No. D1: Guiding Questions

#### Evaluation and impact measurement (15-30 minutes)

Consider how to integrate an accompanying evaluation into the initiative:

- How will the initiative be evaluated? Explain what is necessary.
- What is the purpose of evaluation?
- Who will perform the evaluation?
- How does the evaluation relate to the initiative?

#### *The impact of the initiative*

Consider how the impact of the initiative will be assessed:

- How will success be determined?
- What are the criteria for success?
