How to design a participatory process for a research institute on a controversial issue?

Section E: Evaluation

13. Hand out: Participants impressions

1. This training workshop on Nuclear Waste Management:

mention 3 positive points:

- 1.
- 2.
- 3.

mention 3 negative points:

- 1.
- 2.
- 3.

2. The method used:

mention 3 positive points:

- 1.
- 2.
- 3.

mention 3 negative points:

- 1.
- 2.
- 3.

3. About the material for this case study:

Did you download material offered for the preparation before you came here?

Did you read it?

Is it useful?

Which part can you use?
